

## Help us tell the story of the Pine Street African Burial Ground

We are calling on local businesses and organizations to help us film the community's story of the protection and design of the Pine Street African Burial Ground memorial site.

Let's make sure this historic and monumental process can be shared as educational footage to inspire not only our region, but efforts across the United States as well as future generations.

*An anonymous donor has pledged \$5000 if we can secure a match. Can we count on you?*

**African Burial Ground
